

*"The time that will tell" \**

*Dedicated to Glenn Sankatsing*

*"The time that will tell"*

*Has it already told?*

*"The time that will tell"*

*Who will hear what is told?*

*"The time that will tell"*

*Who can hear what is told?*

*"The time that will tell"*

*Does it matter what is told?*

*"The time that will tell"*

*Does it matter if humans don't listen to what is told?*

*"The time that will tell"*

*Is it a message or an event that is being told?*

*"The time that will tell"*

*Are humans the focus of what is told?*

*"The time that will tell"*

*Can it tell a tale of humans all gone,*

*Died in days foretold?*

*"The time that will tell"*

*Is time, a tale that only humans told?*
